NSL 3m Ripper w/ Double Waved Discs

### NSL RIPPER w/ DOUBLE WAVY DISCS

#### Plant your catch crop quickly with the help of the NSL

Looking for an extremely quick turnaround to put a catch crop in after winter feed? Look no further than the FarmChief NSL Ripper with Double Wavy Discs. This machine rips the soil to 300mm and finishes with the Wavy Discs which slice and dice the clods so it can be put into a cover crop as quickly as possible.

- ▶ Choice of folding or fixed
- ▶ 3m up to 4.7m working width
- ▶ Up to 300mm working depth
- ▶ 11-17 tines

**The dairy farmers' choice!**

### FALC ROTARY STRIP-TILL SYSTEM

#### Save time and money while preserving soil structure

Prepare the ground for planting, apply fertiliser and precision plant crops in one pass. The FarmChief PTO Strip-Till system creates a perfect seedbed for row crops, with the untilled strips helping to prevent erosion, compaction and preserve moisture.

- ▶ Pair with the Xact Precision Planter & Front Fert Tank
- ▶ Choice of row spacing (4 or 6 rows)
- ▶ High-speed tiller blades
- ▶ Forward thinking cultivation solution

**Growing in popularity, don't be left behind.

Moore Uni Drill - 24 Row Trailed

### MOORE UNI DRILL - DIRECT DISC DRILL

#### NZ's most effective disc drill!

The most effective disc drill you will ever own. Its narrow 90mm row spacing and staggered design provides good trash clearance, and the self-cleaning guttler roller provides excellent seed-to-soil contact. Ideal for oversowing into stubble or cultivated ground.

- ▶ Long-life tungsten carbide tipped coulters
- ▶ Choice of 90mm or 120mm row spacing
- ▶ Trailed or mounted options
- ▶ 3m working width

**Demonstrations available around the country.**

Falc Agila 2300 Mulcher

## FALC MULCHERS

**FarmChief heavy-duty mulchers make taking down vegetation easy.**

Streamlined, low profile designs, and super-strong Italian steel and manufacturing, help make sure these mulchers will work for generations to come.

Their carefully crafted, very effective action means they can top, or take down, fairly much everything you put in front of them. Fire danger (which can be a big, seasonal issue) is significantly decreased. And personal risk with it.

**Massive range of sizes and specs available.**

## EXPRESSPLUS 4500 SPEED DISCS
